3. What financial services and products do we offer?

We are authorised to:

provide financial product advice:

- general advice; and

- personal advice,

and arrange for another person to apply for, acquire, vary or dispose of financial products for the following:

- Derivatives
- Foreign Exchange Contracts
- Securities

Share Prices does not provide execution and clearing services for market transactions but may direct you to brokers providing these services if required by you.

Share Prices provides access to fundamental and technical analysis of all (most) listed companies on the Australian Securities Exchange (**ASX**) through its website and selected other international markets such as the New Zealand stock exchange and the US markets.

4. Important documents that you will be given if you receive advice from us

When a Share Prices authorised representative offers you a financial product or provides you with personal financial advice you will be provided with one or more of the following documents, depending on the nature or stage of the investment process:

a. Statement of Advice (SOA) – If we provide you with personal financial advice you will initially receive a SOA. Personal advice takes into account your personal objectives, financial situation and general needs. A reasonable person might expect the provider of the advice to have considered one or more of the above-mentioned categories of your personal objectives, financial situation and general needs. The SOA will set out the basis on which the advice was given, details of fees, commissions and other benefits and details of any relationship we have with other parties, which may influence the advice provided. If you maintain an advice relationship with us, then generally we will not provide an SOA for further advice if there have been no significant changes in your personal circumstances or the basis of the advice has not significantly changed since your last SOA was provided.

b. Record of Advice (ROA) – On an ongoing basis, a ROA will be produced instead of a SOA. You have the right to request a copy of your ROA at any time.

c. Product Disclosure Statement (PDS) – Where your authorised representative recommends a particular financial product, you will be provided with a PDS. The PDS will assist you in understanding the product. It contains, among other things, information about terms and conditions, any significant risks, cost of the product and details of amounts payable after acquisition of the product.

5. Level of advice provided

a. The information on our website is generally factual information about financial products and services. Our website also gives you access to data feeds, and relevant Product Disclosure Statements, should you wish to obtain more detailed information about a financial product.

b. If not otherwise expressly stated in writing to you and by supplying you with a SOA, where we provide you with advice, it will be general financial product advice only.

c. In particular, if you use our services we will not provide you with any personal advice. This means we will not take into account your objectives, personal situation and needs. Accordingly, a SOA will not be provided.

d. Since general financial advice does not relate specifically to your particular objectives, financial situation, or needs, before acting on the general advice you should consider the appropriateness of the advice having regard to your objectives, financial situation or needs.

e. If any advice relates to the acquisition or possible acquisition of a particular financial product, you should obtain a copy of, and consider, the PDS before making any decision.

f. If you have any further questions after reading the PDS please contact our customer service team or advisor.

6. How will you be charged?

a. If you choose to subscribe to all or part of our services, you may be charged on a subscription basis.

b. Share Prices may offer different levels of subscriptions. The normal share prices membership is free although there may be some subscription packages that do charge a data or licencing fee. These costs may vary depending on the package you choose. We may also vary our pricing from time to time, and may also offer a trial free period. All subscription offers (including trial subscriptions) are subject to acceptance of the [Terms & Conditions](#). All prices are in Australian dollars and include GST.

c. All amounts payable will be made known to you prior to any service being offered, and a tax invoice will be provided to you upon request. You have a right to request for further information in relation to the remuneration, the range of amounts or rates of remuneration, and soft dollar benefits received by the licensee and/or representative.

7. Other benefits and associations with other Financial Services

Providers

a. Where we refer you to a Third-Party brokerage firm (Third-Party Provider as defined under our [Terms & Conditions](#)), we may receive a product neutral percentage-based fee between the rate of 1% and 100% on all transactions which is collected by the Third-Party. These payments are deducted from the gross brokerage or transaction fees you pay, and do not increase the amount of brokerage or transaction fees you pay for these services.

i. Brokerage or transaction fees are charged by your chosen brokerage firm and the rates that apply to your account will be provided by your brokerage firm when you open your account. Any changes to these fees will be notified by your brokerage firm and Share Prices is not responsible for any of the brokerage or transaction fees that your chosen brokerage firm may charge you.

ii. Should your brokerage firm that you have your brokerage account with provide you with personal advice you would need to ensure that they provide you with a Statement of Advice (SOA) containing these details.

b. Share Prices may from time to time receive a benefit from product providers by way of sponsorship of educational seminars, conferences, training days or running marketing campaigns for product providers. These benefits cannot be ascertained at the time of this FSG. As soon as these arrangements are in place, we will be in the position to disclose particulars of such benefits to you upon your request, to the extent that these benefits are attributable to the provision of financial services.

c. Share Prices may advertise or promote financial products issued by its associates or third parties (each a Third-Party Provider as defined under our [Terms & Conditions](#)), which may include brokers and other AFSL holders. Any financial products provided or issued by a Third-Party is provided or issued by the Third-Party in its own right, not on behalf of Share Prices. You will be provided with the appropriate disclosure documentation including a FSG and PDS in these instances. We will advise as soon the benefits are defined.

d. Share Prices' non-sales staff are remunerated on a fixed salary basis. Staff members may be entitled to receive additional monetary or non-monetary benefits and/or rewards resulting from various performance criteria such as client satisfaction, training undertaken, etc. Monetary benefits or rewards may include an annual bonus, the level of which may depend on the overall performance of Share Prices and/or staff team. These bonus payments are discretionary, and based on achievement of predetermined business objectives. It is not possible to determine at any given time whether a staff member will receive such benefits or rewards or to quantify them. They are generally not directly attributable to any particular product that the staff members have given advice on.

i. Nonmonetary benefits or rewards for staff members and their partners, valued at less than \$300, and may include gift vouchers, film tickets, restaurant meals, attendance at an annual conference or other functions..

ii. If you receive personal advice, more detailed information about fees, commissions or other benefits payable to us or your adviser will be contained in/or with, either your Statement of Advice (SOA) or the Product Disclosure Statement for the relevant product.

8. Will anyone be paid for referring you to Share Prices?

a. Share Prices may have arrangements with third-party commercial introducers. For every person referred that purchases a subscription or refers a product or service, Share Prices may pay a marketing fee to up to 50% of the net subscription price to the commercial introducer.

9. Risk Management

Your authorised representative will explain to you any significant risks relating to the investment's strategies recommended to you. Should your authorised representative fail to explain these risks, you should ask them to do so.

10. If we provide you with personal advice on financial products

a. We do not provide personal advice on the Website, regular updated and marketing material. Personal advice is only provided if a SOA is provided. In order to provide you with personal advice you will be asked about your objectives, financial situation and needs. If you do not wish to provide these details, we may not be able to advise you and our advice to you may be general or limited only.

b. If you do receive personal advice you should read the warnings contained in the SOA carefully before making any decision relating to a financial product/s.
